

Agri Courses Training Center

(Society registered under Societies Registration Act, 1860);
Registration No:- UK0600832021005715

CBED, situated at the foothills of Mussoorie Himalayan range, is a training and demonstration center for agriculture and allied activities. It is established with the purpose of disseminating information on various agriculture techniques, technologies and at the same time, link livestock, forestry and climate with agriculture and economy. A well-equipped farm has all the basic facilities and demonstration units required to gain hands on experience on agriculture and forestry.

We have a vast field area of 65+ Bighas which is always under agriculture production and a complete set up for training and conducting exposure visits that includes:-

- Fully furnished and CCTV enabled class-room for sharing theoretical information.
- Over 65 Bighas of land under crop cultivation.
- Nursery Development unit.
- Poly-house for demonstrating production of non-seasonal crops and vegetables.
- A well maintained floriculture unit.
- Demonstration unit for Mushroom farming and Ganoderma production.
- Organic composting pits constructed with different methods and Biogas plant
- A well-kept Library having books, reference material and PoPs on agriculture techniques, technology, climate, forestry, watershed, community enterprises and much more
- Goatry and poultry unit for exposure visits
- An orchard comprising more than 500+ Mango, Litchi and Poplar trees.
